Hi [REDACTED]

Please find the download analysis, now including IP address, attached...

Just forwarded your email from yesterday. Still need the other material.

Thanks,  
[REDACTED]

[REDACTED]

I think we still have two, outstanding requests:

- (1) Can you either add two columns to the spreadsheets which you provided to us earlier indicating to which ip address on which date the download went?
- (2) If not, can you get the total number of downloads by date to each abused 18.55 MIT IP address?

(3) When you have a moment, can you give me a call to discuss loss valuation?

Thank you, Steve
